

Reno Airport Traffic Management and Wake Turbulence

Learn the vulnerability to this concept and possible ways to manage it. Hear from Air Traffic Control Manager on considerations of managing various aircraft, runway use, and avoiding the dangers of Wake Turbulence.

Directions: Civil Air Patrol facility main meeting room for 6:00 p.m. presentation.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
